The Economics Of Public Private

Economic benefits of public services

If the private sector does not have this efficiency advantage, then there is nothing to offset the higher private cost of capital Governments can always borrow more cheaply than companies, so raising money through privatisation, outsourcing or PPPs [public-private-partnerships] is always the worse option

Research in Economics - London School of Economics

358 T Besley, M Ghatak / Research in Economics 71 (2017) 356-371 of view of organizational economics and incentive theory is limited, with most of the work being concentrated on the non-profit sector in developed countries 4 At the same time, standard models of public goods provision, which has as its premise that these goods and services
